Good afternoon. I mailed a decision this morning granting applicant's petition under 37 CFR 1.181 for a new 903 and filing receipt with a 371 date of 2/14/05. In addition, the filing receipt listed the country of origin of the priority document as Panama. It should be Denmark. The priority document number for some reason starts with "PA" which is the country code for Panama in the PCT so the confusion is understandable. I am having the decision scanned and it should be in IFW soon.

Thank you,
